## Care Management

Care management includes coordination of care and services that will help you achieve the goals you identified in your Care Plan. Every Home Care Package, including those being self-managed, will require some level of care management.

Approach to care management		Our care management approach is evidence-based and person-centred. We partner with you to deliver a holistic care management service that focuses on early intervention, frailty prevention and social support. Supported year-round by registered general and specialist nurses, and allied health professionals, our care management is professional and strives to meet your individual needs. We will also work with you to set goals, and provide you with the care and support you need to achieve them.
